 - HAVE YOUR VOICE HEARD

If you are interested in furthering your career, joining a professional association is a good start. The ACA offers many opportunities to participate in educational events and trainings, online training, e-learning, correctional certification programs, and professional conferences.

Professional conferences provide a unique and informative learning environment. While a great deal of information can be found on the internet, professional associations are well aware of the issues that are most important to their members, and they design conference programs accordingly. Recent training topics include officer safety & well-being, working with mentally ill inmates, and security threat groups. Learn about best practices that may help to make your job easier, and safer.

Attending ACA events will expand your professional network. Meet others working in the field. Make connections and build relationships. Learn about other positions and job opportunities that are available within the industry. Attending these events is a great way to promote yourself as a corrections professional! Perhaps the person that you network with today will be the person conducting your interview tomorrow?

Join ACA and receive the member discount at conferences and training events! When you join the National Chapter, you will automatically become a member of the New Jersey Chapter! It's like two memberships for the price of one!
